

Chess Books for Sale

For a variety of reasons (space considerations looming large among them!) I need to clear out some chess books. Hopefully this can be the occasion for mutual benefit, as many of the books below are outstanding (especially the Dvoretsky books). I'll add and remove books from this list from time to time, so be sure to check back again every once in a while. The charge for regular shipping is \$5 a book in the U.S.; for other locations or expedited shipping we'll have to discuss it. Interested parties can write me at historicchess [-at symbol-] comcast.net.
